## ◇ University overview

### ○ Characteristics and history

Nara Women's University has its beginning in the former Nara Women's Higher Normal School founded in 1908, and had entered its 100th anniversary in May of 2009. Since its foundation, Nara Women's University has fulfilled our role as an institute providing women with education at the highest level.

Our campus is located in the central part of Nara City where many historical legacies have been found. Within such beautiful sites, the university is comprised of three undergraduate faculties, the Faculty of Letters, the Faculty of Science, and the Faculty of Human Life and Environment. We also have the Graduate School of Humanities and Sciences, offering high level of academic research education. While small in scale, we strive for an individualized approach to education and research.
